

J-8015
5 Gallon Buddy Pack
JCP Low Viscosity Lane Oil 100% Solids
Non-evaporating solvent. Fights dispersment caused by reactive balls. This lighter oil tracks ideally and wicks in most lane equipment, and remains cleaner than other solid products.

J-5015
5 Gallon Buddy Pack
JCP High Viscosity Lane Oil time tested solvent mix and lightweight conditioner with ideal wicking characteristics. Custom mix of cleaners makes for cleaner lanes. Slow evaporation makes this great for dry low humidity areas.

J-8505
5 Gallon Buddy Pack
JCP High Viscosity Lane Oil 100% Solids
Non-evaporating solvent. Fights dispersment caused by reactive balls. Less blending is required for the maximum flow of viscosity through the majority of most wick machines. This also remains cleaner than other solid products.

J-5115
5 Gallon Buddy Pack
JCP Low Viscosity Lane Oil time tested solvent mix and lightweight conditioner with ideal wicking characteristics. Custom mix of cleaners makes for cleaner lanes. Faster evaporation makes this great for high humidity areas.

J-75915
5 Gallon Buddy Pack
JCP Heavy Duty Lane Cleaner This water based heavy duty custom mix can be used in most lane cleaning machines or by hand. The J-75915 has great economic dilution ratio and can be used on all finishes and surfaces. The J-75915 is ideal for general bowling center cleaning.

J-75835
5 Gallon Buddy Pack
JCP Detergent Lane Cleaner water based non-filming detergent mix can be used in most lane cleaners, and on all surfaces. Economic dilution ratio.
